

Requirements for Using Your Own Laptop

Although Episcopal Collegiate approved bundles are still the preferred and suggested method of acquiring laptops for use at the Episcopal Collegiate, families who wish to provide their own may do so. Family provided options must be approved by the technology staff and will need to meet minimum requirement.

The technology staff at Episcopal Collegiate School will rename the laptop, record the MAC address, and verify the laptops ability to connect to the network.

Minimum Hardware / Software Requirements:

- Operating System: Windows Vista, Windows 7, or Mac OS X .5 or higher
- Processor / Speed: 1.6 GHz Dual Core
- Memory: 2 GB
- Hard Drive: 160 GB
- Network: Internal Wireless
- Software (provided by family):
 - Microsoft Office Enterprise Suite
 - Inspiration
 - Antivirus (Free AVG is an option)
 - Adobe Photoshop Elements
 - Adobe Premiere Elements
 - Adobe Acrobat Professional

Other Information

- No repairs will be made to laptops purchased through sources other than Episcopal Collegiate School.
- Episcopal Collegiate School reserves the right to inspect the laptop if it is flagged by the firewall or Watchguard as a threat or if directed to by Episcopal Collegiate School administration.
- Only one laptop per user.
- A loaner will be provided to your child if his / her laptop is not operational for any period of time. Loaners kept longer than one week incur a daily rental charge of \$20.00.
