

EPISCOPAL COLLEGIATE SCHOOL

February 10, 2021

Dear Episcopal Collegiate School Families,

All Classes and Activities Canceled

As many of you probably know by now, the likelihood of inclement weather in the form of ice and freezing rain tomorrow is very high. Treacherous driving conditions are expected. As a result, we are cancelling all classes. We will not have a virtual learning day.

No Virtual Learning Day

We have decided not to have a virtual learning day because of a previously scheduled Covid-19 vaccine clinic on our campus for faculty and staff. The challenging logistics involved in having a virtual learning day while still trying to accommodate the on-campus vaccine clinic have proved too difficult to overcome. As a result, we will focus our efforts tomorrow on the vaccine clinic and will try to get as many of the second vaccine shots as possible in the arms of our 140 faculty and staff. Completing this task is in the best interests of our community's health and safety and will give us the best chance of maintaining on-campus learning in the future.

We thank you for your support.

Steve Hickman
Interim Head of School
